Mohamed Alabbar, Chairman of Emaar Properties, said: "Our significant growth in the first half of the year is a strong reflection of the positive environment that our home market of Dubai offers by serving as a global business and leisure hub. We draw on the dynamism of the city, led by the vision of His Highness Sheikh Mohammed Bin Rashid Al Maktoum, UAE Vice President and Prime Minister and Ruler of Dubai, to further reiterate our world-class competencies in our three core business segments of property development, hospitality and shopping malls."
He added: "The remarkable gains made by these three core businesses also underscore Emaar’s contribution to the socio-economic growth of Dubai by catalysing the key economic sectors including retail, hospitality, tourism and construction. In addition to supporting Dubai’s Tourism Vision 2020 to double the number of tourists by the turn of the decade, our investments also set the pace for the city’s future growth. The projects we announced this year, including new hotel brands, The Dubai Mall’s expansion and our real estate developments will play a central role in Dubai’s future growth. We are thankful to our customers and all stakeholders for their support to our strategy to create long-term value."

**Robust sales of world-class real estate assets**
The total sales value in Dubai of Emaar’s real estate developments until the end of June is AED 6.3 billion (US$ 1.7 billion), which is nearly 4 times the sales during the same period in 2012 at AED 1.6 billion (US$ 436 million).

To date, Emaar has handed over approximately 36,600 units including some 20,900 apartments and around 15,700 villas. Emaar has also completed more than 4.3 million sq ft of commercial space, of which 690,000 sq ft was in international markets.

Emaar has announced a remarkable array of real estate projects in the first-half of the year. Joining hands with Meraas Holding, Emaar launched the Dubai Hills Estate, the first phase of the Mohammed Bin Rashid City (MBR City), the region’s largest of its kind real estate development. Envisaged as the premium lifestyle community, Dubai Hills Estate will be set on prime land, spanning over 11 million sq metres (2,700 acres).

Further building on the global investor appeal for homes, serviced apartments, hotels and offices in Downtown Dubai, Emaar launched The Address Residence Fountain Views I & II, the first serviced residences complex in the mega-development; The Address Residence Sky View and Burj Vista. Emaar also unveiled Mira townhouses in Reem, a full-fledged lifestyle community; and The Hills, a premium residential project within Emirates Living. All the projects recorded overwhelming investor response from Dubai and international markets.

**Driving Dubai’s retail sector**
The shopping malls & retail business of Emaar recorded total revenue of AED 1.555 billion (US$ 423 million) during the first half of 2013, which is 20 per cent higher than the first-half 2012 sector revenue of AED 1.294 billion (US$ 352 million).

Driving the shopping mall’s impressive growth was the sustained growth of The Dubai Mall, which welcomed more than 38 million visitors in the first six months of the year, 23% higher than 31 million visitors during the same period last year. A recent report by Bain & Company reports that Dubai Mall accounts for half of all luxury goods sold in Dubai.

Emaar is now expanding The Dubai Mall’s dedicated Fashion Avenue with a 1 million sq ft expansion that will add new and personalised flagship stores of the world’s most renowned brands. The overall expansion will also bring in other high-end lifestyle and entertainment brands to The Dubai Mall.
New hotel brands; robust occupancy
The hospitality & leisure business contributed AED 771 million (US$ 210 million) to Emaar’s revenues during the first six months of 2013, 7 per cent higher than the revenue of AED 720 million (US$ 196 million) during the same period last year. The Address Hotels + Resorts recorded an average occupancy of 90 per cent for the first half of the year.

Emaar further energised its hospitality portfolio in line with the Dubai Government’s Tourism Vision 2020 by introducing two new hotel brands in the first half of the year. Vida Hotels and Resorts, a trendy and stylish brand, targets the new generation of business executives, entrepreneurs and leisure travellers, and Dubai Inn, launched along with Meraas Holding, is focused on the affordable segment.

This complements the existing hospitality portfolio of 13 with over 2,000 rooms. Emaar has also launched a significant pipeline of serviced apartments in Downtown Dubai, underlining His Highness Sheikh Mohammed’s vision for Dubai to be the No 1 in family tourism.

Awards and recognitions
This year, Emaar also underlined its credentials in community management with Emaar Community Management receiving the most prestigious accreditation from the US-based Community Associations Institute. In other honours, Emaar Hospitality Group was adjudged as the ‘Middle East’s Leading Hospitality Company’ at the 2013 World Travel Awards, while The Address Montgomerie Dubai was recognised as the ‘Middle East’s Leading Golf Resort’ and Armani Hotel Dubai won the title of ‘Dubai’s Leading Lifestyle Hotel.’
