**Note:**
As of 1 January 2015, Emaar has elected to early adopt International Financial Reporting Standard 15 ("IFRS 15"). Under IFRS 15 revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The principles in IFRS 15 provide a more structured approach to measuring and recognising revenue. Accordingly, the comparative figures for quarter and half year 30 June 2014 have been restated.
