REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF EMAAR MALLS GROUP PJSC AND ITS SUBSIDIARIES

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Emaar Malls Group PJSC (the “Company”) and its subsidiaries (the “Group”) as of 30 June 2016 and the related interim condensed consolidated statements of income and other comprehensive income for the three months and six months period then ended, cash flows and changes in equity for the six-months period then ended, and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with *International Accounting Standard 34 Interim Financial Reporting* (“IAS 34”). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

1 CORPORATE INFORMATION

Emaar Malls Group Public Joint Stock Company (the "Company") and its subsidiaries (together the "Group") was established as a public joint stock company by Ministerial Decree number 922 of the year 2014 dated 30 September 2014.

The Company is a subsidiary of Emaar Properties PJSC (the "Parent Company"); a Company incorporated in the United Arab Emirates and listed on the Dubai Financial Market. The Company is listed on the Dubai Financial Market and its shares were traded with effect from 2 October 2014.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation

The interim condensed consolidated financial statements of the Group for the period ended 30 June 2016 have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting and applicable requirements of United Arab Emirates law.

The interim condensed consolidated financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards and should be read with the Group's annual consolidated financial statements as at 31 December 2015.

Results for the six-months period ended 30 June 2016 are not necessarily indicative of the results that may be expected for the year ending 31 December 2016.

The interim condensed consolidated financial statements have been prepared in United Arab Emirates Dirhams (AED), which is the Company's functional and presentation currency and all values are rounded to the nearest thousand except where otherwise indicated.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and entities controlled by the Company (its subsidiaries) as at 30 June 2016. Control is achieved where all the following criteria are met:

- (a) the Company has power over an entity;
- (b) the Company has exposure, or rights, to variable returns from its involvement with the entity; and
- (c) the Company has the ability to use its power over the entity to affect the amount of the Company's returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee, if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the statement of comprehensive income from the date the Group gains control until the date the Group ceases to control the subsidiary.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of consolidation (continued)

Subsidiaries

Subsidiaries are fully consolidated from the date of acquisition or incorporation, being the date on which the Group obtains control, and continue to be consolidated until the date when such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. All intra-group balances, transactions, unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Share of comprehensive income/ (loss) within a subsidiary is attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary;
- Derecognises the carrying amount of any non-controlling interest;
- Derecognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in profit and loss;
- Reclassifies the parent's share of components previously recognised in other comprehensive income to profit and loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

The details of the Company's subsidiaries are as follows:

<i>Name of the subsidiary</i>	<i>Country of incorporation</i>	<i>Principal activity</i>	<i>Beneficial Ownership</i>	
			<i>2016</i>	<i>2015</i>
The Dubai Mall LLC	UAE	Self owned property leasing, buying and selling of real estate and management services	99%	99%
Emaar Dubai Malls LLC	UAE	Self owned property leasing, buying and selling of real estate and management services	99%	99%
Emaar International Malls LLC	UAE	Self owned property leasing, buying and selling of real estate and management services	99%	99%

Special purpose entities

Special purpose entities are entities that are created to accomplish a narrow and well-defined objective. The financial information of special purpose entities is included in the Group's consolidated financial statements where the substance of the relationship is that the Group controls the special purpose entity and hence, they are accounted for as subsidiaries.

New standards, interpretations and amendments adopted by the Group

The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective except for IFRS 15 "Revenue from Contracts with Customers" as disclosed in the annual consolidated financial statements for the year ended 31 December 2015.

22 HEDGING ACTIVITIES (continued)

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of cash flow hedges by valuation technique:

	<i>Total</i> <i>AED'000</i>	<i>Level 1</i> <i>AED'000</i>	<i>Level 2</i> <i>AED'000</i>	<i>Level 3</i> <i>AED'000</i>
30 June 2016				
Interest rate swap contracts	<u>67,801</u>	<u>-</u>	<u>67,801</u>	<u>-</u>
31 December 2015				
Interest rate swap contracts	<u>16,273</u>	<u>-</u>	<u>16,273</u>	<u>-</u>

Level 1: Fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Valuation technique

The present value of interest rate swaps is computed by determining the present value of the fixed leg and the floating leg interest flows. The value of the fixed leg is given by the present value of the fixed coupon payments. The value of the floating leg is given by the present value of the floating coupon payments determined at the agreed dates of each payment. The forward rate for each floating payment date is calculated using the forward curves.
